

SPECIAL SUPPLEMENT

Robert Means, the English Literature Librarian of the Harold B. Lee Library of Brigham Young University, Provo, Utah, has, through his hard work and incredible generosity, provided both an author and a subject index to volume one of *Gravesiana*. I do hope that it proves useful.

The index is also available on the web site.

THE WILFRED OWEN SOCIETY

*"My subject is War, and the pity of War. The Poetry is in the pity ...
All a poet can do today is warn."*

The Wilfred Owen Association was formed in 1989 to commemorate the life and work of the renowned poet who died in the final week of the First World War.

Philip Larkin described him as "an original and unforgettable poet", "the spokesman of a deep and unaffected compassion".

Owen's poetry retains its relevance and universal appeal; it is certainly much more widely read and appreciated now than at any time since his death.

In 1993, the Centenary of Owen's birth, and the 75th anniversary of his death, the Association established permanent public memorials in Shrewsbury and Oswestry and organised a series of public commemorative events.

The Association publishes a regular newsletter and promotes readings, talks and performances. It promotes and encourages exhibitions and conferences, and awareness and appreciation of all aspects of Owen's poetry. It also intends to establish a commemorative fund to promote poetry in the spirit of Wilfred Owen.
